

2023 Washington State Immunization Summit Exhibitor Contact Information

Comagine Virtual Exhibitor

Thank you for visiting my virtual Comagine Health table at the Washington State Immunization Summit 2023. I'm so glad we were able to connect.

I wanted to share a few resources with you in addition to what I shared at my virtual table. They are:

- [Adult Immunization Toolkit](#) (for Clinics and Patients)
- [Annual Wellness Visit Patient](#) (Toolkit)
- [10 flu Myths](#) – Common myths discussed.
- [Pneumonia Vaccination](#) - Patient facing flyer
- Vaccines for Older Adults - Vaccination Information Rack Card [English](#) and [Spanish](#)
- [Vaccination Station 2.0 Workshop for Long term Care Facilities](#) ([Register](#))
- [Flu Fighters](#) – Awesome Podcasts! (15 minute segments - [Spotify/Google/Apple](#))

Please visit our [Immunization website](#) for more tools and resources and be sure to **sign up for our newsletter** as well. It's customizable by healthcare topic and frequency as soon as you receive your first newsletter. Lots of great information is shared, such as updated healthcare guidelines, news, learning events, and other important information.

You can also learn more about the [QIN-QIOs](#), and who Comagine Health is as a QIN-QIO, and how we can help. Comagine Health is all about improving healthcare. We get paid by Medicare to help you, so please use me as a resource for any healthcare related questions.
